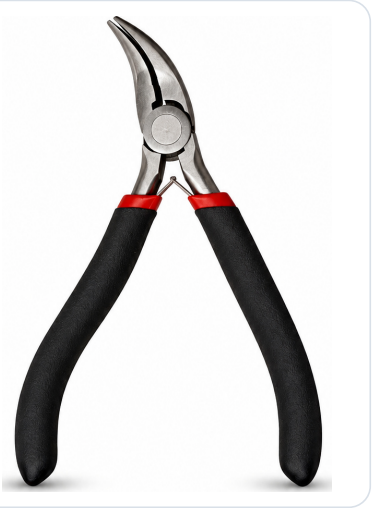
Bent nose pliers

11.8 cm | Bent tips

For gripping and positioning small components behind an edge or in a hard-to-reach area.



Item number	**10321**
GTIN	4260606871442

⚠ Warnings and safety information

Risk of puncture injuries. Point the bent tips away from your body. Grip only in areas you can see.

Risk of crushing. Hold the pliers only by the handles. Keep fingers out of the space between the jaws and away from the joint.

Avoid overloading. Use hand pressure only. Stop if the workpiece moves only with heavy pressure. Do not use the pliers as a lever or hammer.

Risk of electric shock. Work only on de-energised parts. The handle covers provide no protection for live work.

Operation

Check the joint, handles and jaws before use. Use the pliers only if they move freely, are undamaged and have clean, dry handles.

1. **Choose the approach.** Align the bent tips so you can see the gripping point. Keep your free hand out of the path of the tips.
2. **Grip the component.** Bring the open tips to the part from the side. Close the handles with light pressure until the component is held securely.
3. **Position the part.** Guide the part to the intended position. Open the jaws before withdrawing the pliers. Do not use the bent tips as a lever.

Care and storage

Wipe the pliers with a dry cloth after use. Store them in a dry place out of reach of children.
