Series 10414 · GTIN 4260606873552

NOTE - Size information

Approx. size 20 × 10 mm as stated in the item name.

1 Safety instructions

CAUTION - Small parts: choking hazard

Not a toy. Keep away from small children, do not put in the mouth, and pick up loose parts.

CAUTION - Not for climbing or safety use

Do not use for climbing, securing, lifting or carrying people, animals or loads. For light craft and decorative applications only.

CAUTION - Pinch hazard at the spring closure

Do not let the gate snap back onto your fingers when opening or closing it.

NOTICE - Do not bend open

Do not bend the snap hook or spring closure; discard deformed or damaged parts.

NOTICE - Check that the closure is secure

Before use, check that the gate closes fully; regularly check for deformation and wear.

NOTICE - Do not use to secure valuables

Only use for keys, bags or valuables if losing them would not have serious consequences.

Read before use, keep these instructions and pass them on with the product. Also keep finished items with detachable small parts away from small children.

2 Using mini snap hooks safely

Schematic illustrations of use.

01

Choose the size and colour

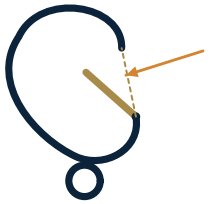
Choose a suitable size and colour, and check the snap hook for damage.

Check for damage

02

Open the spring closure

Press the spring closure inwards with your fingernail or thumb to open it.



Open inwards

03

Attach the item and close

Attach a ring, eyelet, ribbon or pendant and let the gate close slowly.

Attach and close slowly

04

Check the closure

Check that the gate is fully closed and the attached item hangs freely.

Fully closed

i

NOTE - Adding connecting rings

For fixed connections, also use a suitable connecting ring.

3 Storage, care and contact

Storage and cleaning

Store in a dry place, in the closed pack and out of reach of children. Keep colour variants separate. Clean with a soft, dry cloth; do not use abrasive cleaners.

If damaged

Stop using the item and replace it.

Disposal

Dispose of metal parts in accordance with local collection requirements; separate packaging by material.
